| J | Socket (3)               |
| K | Thumb Screw (6)          |

**CAUTION:** FAILURE TO INSTALL THIS FIXTURE PROPERLY MAY RESULT IN SERIOUS PERSONAL INJURY OR DEATH AND PROPERTY DAMAGE. We recommend installation by a licensed electrician. This product must be installed in accordance with applicable installation code(s), by a person familiar with the construction and operation of the product and the hazards involved.\*

**Caution:** Do not exceed maximum wattage noted on fixture. Use only recommended bulbs with fixture.

## Assemble Fixture (Figure 1)

1. Carefully unpack fixture (A) from carton. Lay fixture (A) on side.
2. Remove screws (D) from fixture (A) to remove cover plate (C). Retain both for later use.
3. Locate arms (B), run wires with quick connects through bottom of fixture (A). Secure arm by threading knob (E), found in kit bag, into base tube.
4. Repeat for remaining arms (B).
5. Plug all male quick connects (F) into female quick connects (G).
6. Reinstall cover plate (C) and screws (D).
7. Stand fixture (A) upright. To rotate arms (B) to desired location, loosen knobs (E), reposition arms (B), then tighten knobs (E) to secure.
8. Follow instructions on next page to install glass (H).

## Install Glass (Figure 2)

1. Install bulb (I), not included into socket (J).
2. Carefully unpack glass (H) and hold up to glass bracket, secure with thumb screws (K).

**CAUTION:** BE CAREFUL NOT TO OVERTIGHTEN THUMB SCREWS AS THIS CAN BREAK GLASS.

3. Repeat steps for remaining glass.
4. Plug in power cord.

(Figure 2)

If you need further assistance, or find that you are missing any parts, please contact the dealer from which you purchased this product.  
We hope you enjoy your fixture!

**\* Hubbardton Forge will not be liable for injury or damage caused by improper installation, lamping or use of this fixture.**
